Re: PC 21-18, PC 21-19, PC 21-20, and PC 21-21

Dear Mr. Spoden and Mr. Smith:

Per our telephone conversation, allow this letter to serve as the petitioners' request to continue Monday's Plan Commission hearing for the matters referenced above to the September 27, 2021 hearing date. This will allow the petitioners to fully consider and address comments contained within the Staff Report and other materials received this afternoon.

We appreciate your consideration of this request and continued assistance and engagement with this project.

Very truly yours,

Thompson Coburn LLP
