

## Boost Profits by Saving Energy

### *Peoples and North Shore Gas Energy Efficiency Rebate Programs*

New programs offered by Peoples and North Shore Gas work with Chicago Metropolitan and Lake County residents and business owners to identify and implement smart energy solutions that save money, boost workplace productivity, and reduce maintenance costs.

#### **IS YOUR BUSINESS...**

##### **... A SMALL BUSINESS?**

Through a partnership with ComEd, our Small Business Energy Savings (SBES) Program offers *free* installation of pre-rinse sprayers, low-flow faucet aerators and showerheads, CFL bulbs, and vending machine controls. We'll also perform a *free* energy assessment of your facility and offer advice on energy efficient improvements. Financial assistance of up to 50% of cost is available for boiler tune-ups, programmable thermostats, lighting and more!

##### **... A COMMERCIAL BUILDING?**

Privately owned commercial buildings; for example, hospitals, schools, hotels, restaurants, grocery stores, and more are eligible to participate in our Commercial & Industrial (C&I) programs. Our Prescriptive and Custom Rebate programs encourages installation of higher efficiency equipment and best practices by providing rebates for measures such as boiler upgrades, steam trap repairs, Energy Star® kitchen appliances, pipe insulation, and boiler controls.

##### **... AN INDUSTRIAL FACILITY?**

Our Custom C&I Rebate Program can offer industrial gas customers best-practice support to improve the energy efficiency of their processes and facilities.

Through programs offered in various other states, we have experience in assisting pulp and paper, metal casting, plastics, printing, food/dairy, and water/wastewater facilities.

##### **... AN APARTMENT OR CONDO COMPLEX?**

Owners of apartment buildings and condominium associations can take advantage of our Multi-Family Direct Install Program to reduce energy and water use. We will install *free* high-pressure, low-flow showerheads and faucet aerators. Through a partnership with ComEd, we also install *free* CFL bulbs. As part of the program, staff will survey common areas to identify other energy-saving opportunities and provide information about related incentive programs.

#### **JUST FOR RESIDENTS...**

Owners of single-family homes and smaller multi-family buildings can get rebates when they install high-efficiency furnaces, boilers and boiler reset controls.

#### **TAKE ACTION TODAY!**

Lower energy costs. Cleaner air and water. A healthier bottom line. These are the results when *you* take advantage of our program! To find out more information, call Peoples and North Shore Gas Rebate Programs at **855.849.8928** or visit [www.peoplesgasdelivery.com/business/rebates.aspx](http://www.peoplesgasdelivery.com/business/rebates.aspx) for businesses or [www.peoplesgasdelivery.com/home/rebates.aspx](http://www.peoplesgasdelivery.com/home/rebates.aspx) for residents and multi-family development owners.
