

CONSTRUCTION ADVISORY
2018 UNDERGROUND IMPROVEMENT PROJECT

To: Residents of Fairlawn Ave. (west of Dymond Rd)

Date: May 11, 2018

WATER SHUTOFF NOTICE

Weather permitting, on **Monday, May 14, 2018**, our contractor plans to make a new water main connection at the intersection of Dymond Rd and Fairlawn Ave. This work requires that we shut down the Fairlawn water main west of Dymond.

THIS SHUT-DOWN WILL INTERRUPT WATER SERVICE TO YOUR HOME

It is anticipated that the water main will be shut down between 9:00 a.m. and 12:00 p.m., with service restored around 12:30 p.m. Moderate/heavy rain may delay this work and water shutoff until Tuesday, May 15.

Prior to 9:00 a.m. Monday, you should draw and store a volume of water sufficient for your needs during the outage period.

After service is restored, you might notice some minor discoloration in the water. This can result when valves are turned on and off, and lines are flushed. Opening one or more faucets and running the water for a brief period is usually all that is required to clear the lines. We recommend you verify the water is running clear before doing laundry.

We also recommend, as a precautionary measure, that you boil any water to be used for drinking or cooking, through the first 24 hours after the water is turned back on.

If you experience any problems with your water service during or after this process, please call the Public Works Department at (847) 362-3434 between 7:00 a.m. and 3:30 p.m. At other times, use the Police Non-Emergency Number (847) 362-2131, and they will contact the proper personnel for follow-up.

If you have any questions regarding this advisory, please contact the Engineering Office at (847) 918-2100 between 8:00 a.m. and 5:00 p.m. or Chuck Bodden (Resident Engineer with Gewalt Hamilton Associates) at (847) 344-4501 between 7:00 a.m. and 4:00 p.m.

We appreciate your continued cooperation and patience during this project.

Sincerely,

Jeff Cooper, Village Engineer
Village of Libertyville

Chuck Bodden, Senior Engineering Technician
Gewalt Hamilton Associates, Inc

HOW TO OBTAIN CONSTRUCTION UPDATES

A. VILLAGE OF LIBERTYVILLE CONSTRUCTION UPDATE WEBPAGE

In order to help keep you informed about the project, the Village of Libertyville will be posting construction updates on our website. We will post them as information becomes available for the duration of the project.

To view the latest updates, please visit the website link www.libertyville.com and select the Department page for Public Works, then “Construction Projects.”

B. VILLAGE OF LIBERTYVILLE WEBSITE SUBSCRIPTION SERVICE – ALL PROJECTS

You may also subscribe to receive construction updates via email. To receive Village of Libertyville construction updates via email, perform the following steps:

1. Go to the Village of Libertyville homepage at: www.libertyville.com
2. From the menu of items on the left side of the screen, click the button “Notify Me.”
3. Follow the instructions as stated on the page, enter your email address and select the “Construction Updates” box under “Notify Me” to receive Construction Updates from the Libertyville Department of Public Works.

C. VILLAGE OF LIBERTYVILLE DIRECT PHONE NOTIFICATION

The Village of Libertyville may be using the Village’s phone notification system to deliver certain updates to residents on the road and water main construction this season. **IMPORTANT NOTES:**

1. If you have a land line telephone in your home or business (or have already enrolled), you will receive these updates without any action required from you.
2. If you do not have a land line telephone or want to subscribe a different number to the phone notification service, you may contact us to provide the phone number you wish to enroll AND your property address. Contact us at (847) 918-2100 or visit our “Construction Projects” webpage. A link is provided at the bottom of the Construction Projects webpage for Direct Phone Notification signup.
